

## CAPABILITIES STATEMENT

The Angelo Group has a solid track record of performance and delivery. The company was founded in 2006 as an organization dedicated to providing exceptional services in support of the US government's training, communications, intelligence, and logistical needs. We are the *Knowledge Solution Company* - specializing in courseware development and institutional training, training systems and training analysis as well as interactive multimedia instruction design and development, System Engineering and Technical Assistance (SETA) support.

Through the effective use of information technology our highly skilled staff provides a full array of technology and management services to our customers. Our management team has several decades of collective experience managing programs for various federal government customers. Angelo is committed to working with your organization to meet your needs, exceed expectations and to solve problems with pragmatic and cost effective solutions.
